Block Noise From Doors

A SMARTER WAY OF SOUNDPROOFING

Soundproof Curtains

— Eliminate Noise at Home

SoundBlanket™ soundproof curtain both deflects and blocks noise. Blocking most outside noises like traffic, dog barks, or neighbour's music while promoting relaxation & restoring peace-of-mind.

SoundBlanket™ soundproof curtain are 80% cheaper than soundproof doors. It provide instant noise relief without the need for professional installation or costly renovations.

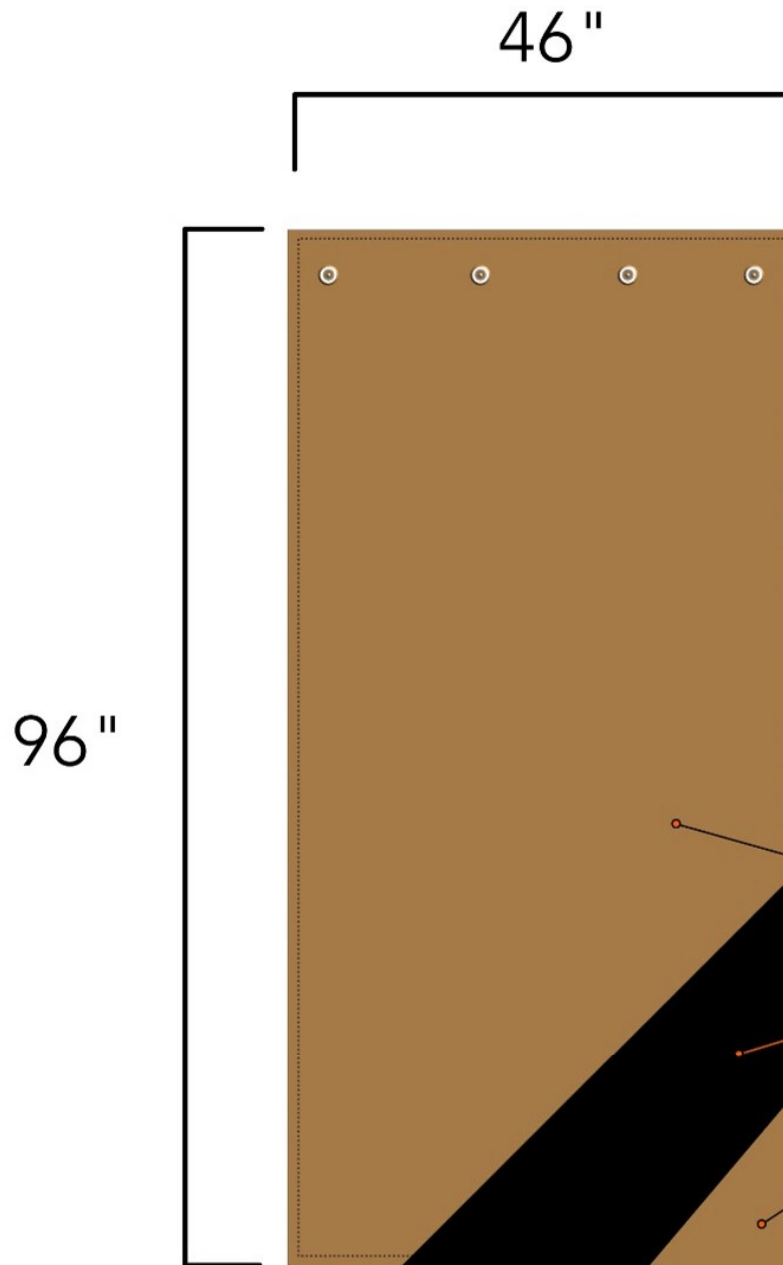

SoundBlanket™ soundproof curtain comes with all required hardware for easy installation. Drill the hooks ,hang the curtain and enjoy the peace.

Designed to facilitate easy rolling retraction methods. The curtain can be folded when not required and easily stack at the door top.

SoundBlanket™ soundproof curtain significantly reduce heat transfer in both directions, allowing you to easily insulate your home and save money on your electric bill.

How to Install

1. Unpack the curtain and find the pack of hardware which is needed to install the curtain on door/window
2. Fix the hanging hooks on the wall above the window/door frame with the provided screws. Install the hooks at exact distance of the eye lids on the curtain.
3. Hang the curtain on the hooks and remove the double sided tape from the attached perimeter velcro.
4. Press the curtain against the wall to fix the velcro on the wall. This will remove all the air gaps. (This is optional)
5. For permanent fixture, use nails on the velcro at every 1 feet.
6. SoundBlanket soundproof curtains are ready to use.

Maintenance

**Clean with wet cloth
or vacuum cleaner**

**Use the curtain
indoors**
